MAKI ISHII LIVE

RYAN SCOTT

MAKI ISHII

1. Saidoki (Demon) 13:45
2. Concertante 20:18
3. South - Fire - Summer 18:04

This recording is another brilliant example of the truism that the work of a composer only lives through his artists. We commend Ryan Scott and the Esprit Orchestra for creating an amazing and beautiful performance in which the musical universe of our late husband and father Maki Ishii lives on. This most certainly is an important contribution to the recorded repertoire of his works.
