

naftule's dream

live in florence

Naftule's Dream has taken the fiery musical legacy of klezmer master Naftule Brandwein and mixed it into a burning cauldron of free-jazz, edgy rock and modern expressionism. It's a music of urgent appeal; a beautiful abstraction grounded in tunes as familiar as a family gathering; a circus of rhythm, celebration and blues, where moods and timbres shift with kaleidoscopic abruptness.
